Loan Firm Robbed; Man Beaten In Holdup

20 Thefts, Burglaries, Other Crimes Reported In Area over Weekend

Daylight robbery of a Granite City loan firm by a lone bandit landed a long list of crimes in the Quad-City area, starting Thursday afternoon. Twenty robberies, thefts and burglaries were reported to area authorities.

A neatly dressed, armed robber calmly walked out of the Home-Town Loan Co., 1907 Delmar avenue, with \$500 at about 2 p.m. Thursday after conducting a quiet transaction.

After being seated in an interview booth, he pulled out a long-barreled blue steel .38 caliber revolver and a brown paper bag and demanded cash from Arnel Coleman, assistant manager. The "customer" first had asked about an auto loan.

Cocking the revolver and placing it near his victim's face, he politely asked Coleman to take the bag to the cash drawer and place all of the money in it. Coleman complied. When he was at the counter, Kathy Hanson, loan investigator, asked him what he was doing. Coleman said, "We're getting robbed. He's got a gun." She said nothing.

"Don't be a Hero" He took the money back to the booth and the gunman told him, "don't be a hero now," and ordered him to go to a back room for 10 minutes. As the robber left the office, he smiled at the girl and calmly walked away down Delmar avenue.

The money included bills in \$1 to \$20 denominations and an undetermined amount of coins. John Smith, company manager who was seated at another booth, knew nothing of the robbery until it was over. Another employee, Glenda Brockman, was in another room at the time.

The bandit was described as being about 26 years old, 5 feet, 8 inches tall, weighing 160 pounds, with blond or light brown hair, with hazel eyes and a dark sun tan and wearing a short-brimmed hat, brown tweed sport coat, a white nylon shirt and a green tie. Four Town Meetings Set for Tuesday

Public May Vote, Voice Opinions; GC Township Budget Hearing 1 p.m.

Annual town meetings and adoption of budgets for the four townships in the Quad-City area will be held Tuesday. All township residents are eligible to attend and will have an opportunity to voice their opinions, introduce new matters or issues, help decide spending policies and vote on budgetary items.

The Granite City township meeting will be held at 2 p.m. in the city hall. The township's annual meeting will be at 7 p.m. in the township offices, 4220 Highway 162. Scheduled for 2 p.m. are the Venice township meeting in the Venice city hall and the Chouteau township meeting in the township office on Old Alton road.

The proposed budget and appropriation ordinance for Granite City township totals \$168,496, compared to \$220,308 last year. A large turnout is expected at the meeting.

Members of the Committee for Economic Improvement in Namekiki Township, Illinois, are seeking economic development in township operations. The proposed budget totals \$170,177, a reduction of \$181 from last year.

The budgets for Namekiki, Venice, Chouteau townships include funds for roads and bridges, which Granite City township does not have.

The proposed budget for Venice township is \$188,361, compared to \$198,726 last year, and for Chouteau township, \$262,839, compared to \$282,185 last year.

Though the Chouteau budget includes a large amount of money for a new bridge, Supervisor Joseph Trecker said there will be a decrease in the township tax levy.

Witnesses select and agree on a hairline and hair style from among the many slides, and then view more hundreds of outlines of eyes, ears, lips, noses and other features, such as the chin, eyebrows and even hats.

The selected pieces then are laid out on the composite, which is photographed. Lieut. Padgett pointed out that the likeness of the composite to the criminal depends on the ability of the witnesses and victims to provide an accurate description.

In the Hometown Loan Co. case, three witnesses were able to give police a fairly good description of the robber, and all of them agreed upon the likeness of the composite to the robber.

Witnesses described the man as from 26 to 28 years of age, medium complexion, light hair and weighing about 150 pounds. They said he was armed with a long-barreled .38-caliber revolver and was wearing a light brown tweed sport coat and dark brown hat.

He was neatly dressed, they added, appeared to smile all the time and was soft-spoken.

King Hospitalized Elijah King, 2318 Washington street, retired Granite City fire chief, is in fair condition today at DePaul Hospital, St. Louis, where he was admitted for treatment last week.

Study Started in 1964 The study was begun in 1964 as one of the first major undertakings of SWMAP, following its creation by the Illinois General Assembly in July 1963. As a result, most of the latest statistics in the report are for the 1963 year, except in cases where projections are possible on the basis of prior statistics.

Preparation of the report was made under a federal grant from the Urban and Rural Development Administration, the Housing and Home Finance Agency.

Among the subjects covered in the report are: income and employment factors; economic growth and development; the discipline of economics; the report states, is concerned with the study of income and employment factors concerning economic growth and development.

Second Problem is That of allocating scarce resources among competing uses. In the traditional analysis of the private sector, the study adds, the latter question involves a discussion of the price mechanism, free enterprise and imperfect competition in the market. Allocation of resources in the public sector involves issues related to public enterprise and revenues. Land use is a pertinent aspect of the study.

Final selection of the report related to the inventory and analysis of economic data which helps describe the county area.

Twenty-seven tables of existing data are included in the section report, with an additional 21 tables devoted to fiscal capacity and tax effort.

The action was taken in accordance with the ordinance.

Improved Schools Pledged By Candidates for GC Board

is seeking a third three-year term as a member of the board and Harry T. Tongay, who is running for the board for the first time.

The third candidate for two board posts, Ronald L. Dillard, an incumbent, seeking a second term, had planned to participate as late as Thursday evening but was detained and did not reach the meeting place, the Central Junior high school auditorium.

Workmen for the forum gave biographies of the three candidates and praised the gathering of 60 for demonstrating interest in good schools by attending. He urged that citizens encourage others to vote in the April 9 election.

Robertson noted the importance of education, and said service of the board is a challenge because the quality of instruction directly affects virtually every family in the community.

Sponsors of the public meeting were the Granite City Area Council of PTAs, Quads Cities Ministers Association and Tri-Cities Chamber of Commerce.

The candidates were asked to discuss three specific subjects. Their remarks follow:

Classroom Instruction Maintaining and improving an effective instructional program:

"Our present program is effective and must be maintained. A new report from the North Central Association highly praises the district and indicates it is outstanding.

"Our present program should be improved or expanded in certain areas, such as counseling, remedial reading, vocational education and experimental programs.

"The pupil-counselor ratio is too high, and we are currently planning to alter this. "Remedial reading does not reach all those needing the instruction and will be expanded. I intend reading to be one of the most basic fundamentals, affecting learning in all fields.

"Vocational education should be completely re-evaluated and geared to the new trends and techniques developing nationwide.

"Experimental programs such as the ungraded primary must be tried, tested, evaluated and expanded wherever results indicate they are successful.

"We must employ and retain qualified personnel and stimulate them to exert maximum effort.

Hiring Procedure Existing personnel should be followed, with recommendations.

Area Rainfall in March Totals Only 1.41 Inches

Rainfall in the Quad-City area during March totaled only 1.41 inches, according to the rainfall gauge at the Chain of Rocks Canal.

The March precipitation increased to 6.77 inches the total for March to date, a reading comparable to that at the same time last year when the total rainfall had exceeded the normal amount to 6.38 inches.

The light March rainfall decreased the margin by which rainfall had exceeded the normal amount for this time of year. Normal precipitation for March is 2.24 inches and 6.28 inches in the first three months of the year. The total fall of 6.77 inches for the three-month period now is only 41 of an inch in excess of the normal.

No heavy rainfall was recorded at any time during March. Rain fell on six days and the maximum was .45 inch on March 12. A reading of .40 inch was recorded on March 2, and a fall of only .02 inch was registered on March 5.

March 6 the rain gauge registered .06 inch, and .20 inch was recorded on March 13. A trace, which is insufficient to be recorded in volume, was registered on several other days.

For the year the March rainfall amounted to 1.81 inches, only slightly higher than that of last year.

Venice Funds Low, Services Will be Held to Minimum

Because of prospects that no further tax monies will be received until July, all municipal council meetings Friday night will be held to a minimum during the next few months, Dr. John E. Lee, mayor, said at a Venice council meeting Friday night.

Venice recently received its final 1964 tax settlements of \$59,000, which should pay city obligations for about two months, the mayor said.

Monthly disbursements for all operations of the Venice city government would run from \$22,000 to \$24,000.

Withdrawal Leaves 3 In Sheriff Primary

Ramach to Seek Demo 'Harmony'; Fraundorf, Bowman in Verbal Duel

Chief Deputy Sheriff George Ramach received praise for his ability Friday from outgoing Sheriff Barney Fraundorf but lost out as a sheriff candidate Saturday morning in the interest of "party harmony."

Those left in the sheriff race were former Sheriff George Musso, Granite City Policeman Frank Harris and Louis Bowman, whom Fraundorf fired last week as head of the investigative section of his department.

No other county office candidates withdrew prior to the deadline Saturday.

Ramach, who resides at 1026 Iowa street, Madison, told the Press-Record Saturday that "my decision to withdraw as a candidate for sheriff of easy one to make."

"Cites Alignment Realities" "It is unfortunate that conflict between the hard realities of the political alignments which have already been made, and my desire to serve the people of Madison county as their sheriff and continue with the present policy of strict law enforcement, has been resolved in favor of a decision on my part to help create harmony within the Democratic party. Therefore, I am withdrawing as a candidate."

Ramach did not indicate whether he would support another candidate, but his mention of party harmony was interpreted by some as spotlighting Musso, who has the endorsement of county Democratic leaders.

Not back Bowman, whom Fraundorf accused late last week of "monstrous" behavior, said he was not running for the sheriff and chief deputy.

In a verbal slugfest, Bowman defended his record and said he was not running for the sheriff and chief deputy.

board of education."

"Maintaining and improving
the effectiveness of the school
program is accomplished by ob-
taining the best possible staff, at-
tracting them through providing
fair and adequate salaries and
working conditions, and trying to
encourage them to do the best
job they are capable of perform-
ing."

Purpose of Schools
"This can and must be accom-
plished if the children are going
to receive a good education. And
this is the real purpose of the
schools."

"I believe school personnel can
be encouraged and inspired to do
an outstanding job with enlight-
ened leadership by the adminis-
tration and with fair and equal
policies established by the
board."

"An impartial approach, with
board members representing the
school district as a whole, is very
important."

"I feel strongly that the board
must conduct itself in an im-
partial manner, permitting the
superintendent to select the most
capable people available for var-

ious positions. In this way, the
staff can function for the good
of the community and the good
of the school children."

Business Efficiency
Maintaining and improving ef-
ficient school business proce-
dures:
"In general, our current busi-
ness procedures are outstanding
and need only periodic review
and updating."
"Our present practice of using
competitive bids wherever pos-
sible on a conservative basis. I
am convinced, I mean income
should be estimated realistically
in planning expenditures."

"Our district operates on the
accrual accounting basis, which
is the most accurate and accept-
ed method of matching revenues
and expenditures. We should,
however, constantly explore the
possible use of cash processing.
"In regard to salary determina-
tion, the only acceptable method
in this area is negotiating. This
must be an arms-length transac-
tion wherein the board should be
represented by a committee of
negotiators composed preferably
of three board members and
three administrators."

Business, Labor Experience
Tongay:
"I operated my own business
for five years, have a home and
family, and am a member of or-
ganized labor. Through a variety
of experiences, I believe I have
acquired knowledge that would
be of value to the board in its
discussions and decisions."

"It is essential that competitive
bidding and other sound business
procedures of the school system
be preserved. I recall that in
some government districts, one or
two contractors have seemed
to get most of the business. This
must not happen or the quality
of the educational program will
suffer."

"Each dollar that might be
wasted or spent foolishly is a
dollar more that must be col-
lected from taxpayers or a dollar
less available for hiring the
school staff and providing need-
ed classrooms and supplies."

"School efficiency is not just a
meaningless phrase but a real
necessity in order for our schools
to be good schools, and in order
for our students to be able to
hold their own in college and in
their future life."

consisted of a one-act play pre-

The play was the one which won

CONFIRMATION PARTY
Mr. and Mrs. Leonard Schaefer
and Mr. and Mrs. Raymond Wel-
ton entertained more than fifty
relatives and friends at a buffet

the confirmation of their daugh-

"The board should make every
effort, both directly and indirect-
ly, through administrators and
other school personnel, to inform
the public of current policies and
proposed future policies and plans."

"Board members should culti-
vate an awareness of the needs,
desires and ideas of administra-
tors, other school personnel and
the general public and seriously
consider these as they discharge
their policy-making function."

Key to Support
Tongay:
"The best way to assure pub-
lic support, of course, is to have
a school system worthy of the
public's support."

"If we strive for and achieve
high quality in our program, and
if citizens realize this is the case,
there will be no question about
their loyalty and support."

"If the board conducts itself
fairly, if it is composed of people
of good character, if board mem-
bers use common sense, and if
they employ a staff capable of
operating an outstanding acad-
emic and vocational program, I
am confident that the public will
respond with the necessary sup-
port."

"My record speaks for itself in
regard to interest in young peo-
ple, and I believe the public
should have a choice on the bal-
lot. I would serve honestly and
unintentionally and put nothing
ahead of the No. 1 priority: 'What
is best for the students!'"

Highland's Bulldogs took advantage of a bumpy infield and a quartet of Madison errors to down the Trojans 4-0 at Madison Thursday afternoon.

The win was the second Midwestern Conference victory for Highland. It was the first loss and first game for the Trojans.

The Bulldogs threatened early as a Madison error and a passed ball put Fred Bircher on second base with one out in the first inning. Trojan right-hander Tommy Williams fanned the next two batters to retire the side.

Highland's first run came in the second inning with one out, as Billy Kline singled and advanced to second base on a balk. Another error by the Trojans put Dennis Warming on first base and Kline on third. Kline scored on a passed ball.

In the third inning, Williams walked Terry Metzger and Bircher. Williams picked Metzger off second base in a poorly timed play to shortstop Lou Ratliff.

Bulldogs Score Again Terry Jakiel got on base via an infield hit that took a bad hop, and Bircher moved on to second base. Highland pitcher Danny Yarn, batting in the cleanup spot, drove in Bircher on a fielder's choice in which Jakiel was out at second base. Dean Burk walked, and a wild pitch put Highland runners on second and third. Kline grounded out to Williams to end the inning.

Williams fanned all three batters in the fourth inning. In the bottom half of the fourth, Madison placed runners on first and second, but a wild pitch put Yarn on first base. Williams was called out for not wearing his helmet on the base paths.

Highland's big blow came in the top of the fifth inning. Metzger was safe at first base on an error and advanced to second on Bircher's sacrifice. Jakiel then slugged the ball over centerfield as Greg Wasylik's head for a home run and two runs batted in.

Williams also allowed a single by Yarn before he struck out the next two batters.

Madison appeared to have a rally going in its half of the fifth. Wasylik walked and a Craig Manwaring error allowed Marvin Owca to be safe at first and Wasylik struck out at second.

Left-hander Yarn tightened his control and struck out Tim Ship, Bob Miller and Williams to retire the Trojans.

The sixth inning proved fruitless for Highland as Williams struck out two and caught a pop fly for the three outs. In the bottom half, Madison again threatened as Ratliff walked but was forced at second on Crook's infield smash. Rendell walked and Madison had runners at first and second with one out. Steve Shipcock struck out and Wasylik grounded back to Yarn to end the inning.

Williams struck out the three Highland batters in the seventh inning, bringing his streakout total to 14 for the game.

Madison put Owca on first with a sharp single in the last half of the seventh. He advanced to third on two consecutive passed balls, but Yarn struck out two Trojans to end the game.

Williams fanned all three batters in the eighth inning and allowed four bases on balls, while Williams walked three.

The Trojans play their next game at Bethalto today at 4 p.m.

GC Grid Trio Gets Peru State Baseball Jobs

A trio of former Granite City football players appears to have starting jobs lined up with the Peru (Mo.) State College baseball team this spring.

The trio consists of Ron Yates, Doug Winfield and Chuck Mizer.

Yates' only letterman in baseball among the three, will be one of the Bobcats' outfielders this season. Used only sparingly last year, Yates has no impressive stats.

Coach Joe Pelisek with his batting that of starting berth seems evident for him.

Winfield should see plenty of pitching action, according to Pelisek. The hard-throwing right-hander has developed a fine fast ball and appears to have good control, the Peru mentor said.

Mizer, a 6'2", 225-pounder, Worcester, Mass., for the chief catching job. Pelisek said he is pleased with Mizer's defensive ability behind the plate.

All three starred in football at GCIS. Under coach Jim Morrison, Yates is a sophomore, and Mizer and Winfield are freshmen.

Run Into Tough Missouri Teams; Down Cahokia by Scores of 3-2 and 8-3

Granite City's varsity baseball team won five games and lost two at Alton, Springfield (Mo.) and Cahokia over the weekend.

On Saturday night, the Warriors split a doubleheader with two Springfield (Mo.) schools, losing to Hillcrest 9-3 and downing Glendale 7-1. On that same afternoon, another Warrior squad took a twinnish at Cahokia, 3-2 and 8-3.

On Friday night at Springfield, Granite City had routed Parkview 16-3 and then dropped a 5-3 contest to Central. On Thursday afternoon at Alton, the Warriors won a Southwestern Conference game, 7-5.

A trio of strong Hillcrest pitchers fanned 13 Warriors and allowed only four hits as Granite City lost 9-3 Saturday night.

Rick Turpenoff started for Granite City, but was replaced with two out in the second inning by Bill O'Neill after Hillcrest scored five runs to take a 7-0 lead.

Granite City was scoreless until the sixth, when it scored once, and then scored twice in the seventh frame.

Harold Vick led Warriors batters with two hits in four trips to the plate and one run batted in. Fred Hoffman and Denny Henson each drove home a run.

Tony Gregas became the second Granite City pitcher to go to the plate and he controlled Glendale for a 7-1 victory. He pitched four hitless innings, and allowed four hits in the contest.

Warrior hitting failed to provide a run until the fifth inning. Two more scored in the sixth and four in the seventh frame.

Vick once again gave the big hits, with two safeties in four at-bats and a pair of RBI's. Gregas was two-for-two with one RBI, and Denny Henson and Jerry McKeehan each drove in a run.

At Cahokia, the Warriors came from behind and scored a run in both the sixth and seventh innings to win 3-2.

Jim Peters singled in the sixth inning in Bob Odum with two out. Orville Taylor got his second hit of the day and his second RBI with a double that scored Mike Hoy to win the game in the final frame.

Dal's Song: "How To Handle a Bat"

By MIKE GREMAUD
Press-Record Sports Editor

Dal Maxwell knows how to handle a glove in the infield, but learning to handle a bat proved to be a little more difficult for him during the Cardinals' spring training in St. Petersburg, Fla.

For the past several weeks Redbird coach Dick Slater has been working with Maxwell and shortstop Jerry Buckner on improving their batting success.

According to Dal, the main problem keeping him from being a top-notch major league hitter are two-fold. Number one, there is the problem of overstriding, number two, there is the problem of not keeping his weight back on his feet.

"I've been concentrating on better balance and more rhythm in my swing, along with the proper follow-through," said the Granite City, Mo., 26-year-old slugger.

Dal hasn't been given any special exercises, such as swinging on tight ropes, carrying lead weights around, or the like. He just takes plenty of batting practice and concentrates on the points Slater has outlined.

"It's too early to tell if the extra coaching has helped my hitting," he said. "But Jerry (Buckner) seems to think he's helped him."

Looking forward to the actual work of the season, Maxwell expressed in his mind, as well as in the minds of other Cardinals players, a desire to be a "big" player.

Maxwell's Schindler is extremely easy-going on the field, but on the field he's a demon. "He demands a 100% effort all the time, especially when you're trying to correct something," Dal commented.

Speaking of knowing how to handle things, Dal reports that his technique in talking roommate George Kinnick into putting up with a Maxwell motorcycle has failed.

"I was going to rent a Honda to ride back and forth to the ballpark, but George didn't like the idea when I told him I had it. He said it was in the room at night."

The Cardinals will play their first home game in St. Louis April 12 against the Philadelphia Phillies.

Nameoki Twp. Highway Expenditures Defended

Defending Nameoki township highway expenditures against statements by citizens, who are urging a large public turnout at tomorrow night's annual town meeting, Road Commissioner Charles Hanks said during the weekend that seats for 300 will be provided in the township garage.

Hanks said he is cooperating fully with residents seeking information and met with them March 26 and again Saturday. Listing 56 miles of roads, 4.1 concrete and 51.9 asphalt and chips, he said yearly spending has averaged \$530 a mile in the past five years, "well within the average rate of \$700-\$1100 per mile allowed by the Motor Fuel Tax Survey."

The commissioner disagreed with a leaflet listing average road maintenance costs of \$289 a mile. He said expenditures amounted to \$33,538 in 1961-62, \$45,094 in 1962-63, \$61,080 in 1963-64, \$23,387 in 1964-65 (a shorter period in which the fiscal year dates were revised) and \$67,588 in 1965-66.

The Committee for Economic Development of Nameoki Township contends that the expenditures are substantially higher, if borrowing costs and motor fuel tax disbursements also are considered.

In commenting on suggestions that his travel expenses be reduced, Hanks said they are lower than in the 1950s.

Court Orders \$30,285, Interest Paid to Store

Leader Mercantile Co., operator of the Leader department store, 19th and State streets, was notified Friday that a \$30,285 judgment was entered by the circuit court last week against Mrs. Marion Heidbrink, former bookkeeper at the store.

It was alleged that she used false deposit records and ledger entries to divert funds from August 1962 to August 1964. She was placed on five-year probation last year. Attorneys were Victor Packman for the store and William Beatty for the defendant.

Elderly Group's Tour Of World Is Topic

An insight into the world-wide duties of a mission society executive, together with a pictorial account of an around-the-world tour as escort to a group of persons, whose average age was 70 years, were given Thursday noon by Rev. L. O. White of the United Christian Missionary Society, Indianapolis, Ind. The minister, who serves as executive director of the society's individual cultivation program, spoke at the Granite City Optimist club's luncheon meeting, in the YMCA. He was introduced by Rev. James R. Craddock, pastor of the Central Christian Church, at whose church the guest conducted pre-Easter special services each evening last week. The missionary society is sponsored by the Christian Church (Disciples of Christ).

Rev. White, a native of Texas, joined the mission board staff in 1958, coming from a pastorate in Lebanon, Ore. Since that time, his duties have taken him into numerous countries overseas and to each of the 50 states. Part of his duties involve interpreting the mission's program to individuals desiring to bequeath gifts for the continuation of missionary work.

The speaker showed a series of colored slides taken during the world tour in 1964. Many of the sequences illustrated the group's experiences in Hong Kong, Japan, Okinawa and India. Rev. White was educated at Phillips University, Tex., and Texas Christian University. He also has done post graduate work at the University in Edinburgh, Scotland.

Village Welcomes First New Business

A number of Pontoon Beach village residents gathered Saturday at Don Mettler's new barber shop, 4145 Pontoon road, to welcome Mettler to the community. The occasion marked the grand opening of the shop, the first new business to open in the area since the village became incorporated in 1963, according to Thomas Stalcoff, mayor.

Located in a former residence, several doors from the recently-opened Southwestern Bell Telephone Co. facility, Mettler has completely remodeled and paneled the interior of the building and had its frame exterior brick veneered. Thomas Stalcoff, who received the first haircut to mark the opening, said today, "the new business will provide a much-needed service and convenience to Pontoon Beach residents and is a welcome addition to our growing community."

Mettler, who lives in Highland, has been employed as a barber for several years at a Granite City shop. Presently, he is considering moving with his family into the village area.

24th Easter Sunrise Service To be Held at Wilson Park

Australian-born Professor Norman Habel of Concordia Seminary, St. Louis, will deliver the Lutheran Bureau Easter sunrise sermon at Wilson Park at 6 o'clock. A brass choir under the direction of John Severine will open the service five minutes before six o'clock and then lead the early worshippers in Easter singing.

The service is held at the south corner of the park near 27th street and Edison avenue, and is oriented so the congregation faces the early sun as it rises behind the lily-decked huge white cross, under which the speaker presents his message. A public address system makes it possible for the elderly and those who might fear the dampness of the early spring morning to remain in parked cars.

Dr. Habel's sermon is entitled "Christ is Risen."

Dr. Habel has written the popular play for Christian youth, "Wait A Minute, Moses." His year it appears to be receiving greater attention from the community. The lateness of Easter this year should provide us with a balmy early Easter morning.

"This is the 24th year for our

Easter sunrise service." Lutheran Bureau executive secretary, Heuitt Degisher said, "and each year it appears to be receiving greater attention from the community. The lateness of Easter this year should provide us with a balmy early Easter morning."

Recent awards made to two local residents employed at the Granite City Army Depot were announced today. Those who received citations from Lt. Col. Robert P. Armstrong, deputy commander, were Floyd Williams, 1537 Lindell Blvd., and Mrs. Violet Bolin, 4 Devon Hill Lane.

Williams, a stock and parts keeper in the production control division since 1952, was cited for offering a suggestion, which involved re-routing procedure for listing needed parts, thereby reducing delay in transfer and repair of items.

Savings Bond Drive Luncheon Wednesday

Granite City Steel Co. will host a special U. S. Savings Bonds luncheon Wednesday for Quad-City business and industrial leaders at the firm's executive office building. More than 50 are expected to attend and hear the keynote address by Col. Charles B. Schweitzer, commander of the Granite City Army Depot, who will cite the depot's role in providing supplies to military units in Vietnam and relate the Savings Bond program to efforts towards building "Power for Peace."

Nicholas R. Brink, A. O. Smith Corp., plant manager and chairman of the 1966 Savings Bonds drive, will preside at the meeting. Primary purpose of the luncheon is to unify the campaign, set for the first week in May for all firms in the industrial community, and to provide the professional assistance in planning through Harry C. Wood, U. S. Treasury deputy director.

In announcing the luncheon, Brink pointed out, "We are fortunate this year in having a more attractive 'Series E-U. S. Savings Bonds' to offer our employees through payroll savings plans, due to the increased interest rate of 4.10%."

Brink continued, "Added to the many reasons why each family should buy savings bonds is the incentive that through their purchase we are able to participate directly in support of our nation at a time of an uneasy world situation. Certainly, this year is most appropriate to conduct a unified U. S. Savings Bonds drive, as 1966 is the 25th anniversary year of the Series E bonds."

Henry D. Karnadicht, savings bonds general chairman for both Madison and St. Clair counties, also will attend the luncheon meeting.

\$9061 Federal Grant to Train Nurses Aides Here

(Special from Washington)

Federal funds have been approved for a nurse aide training program for the Quad-Cities to be conducted by the Granite City high school vocational education department with the Illinois Employment Security office and St. Elizabeth Hospital. The first of three separate instruction courses will start Monday, April 18, at the local hospital.

Approval of the \$9061 grant to train 36 unemployed persons as nurse aides was announced Friday in Washington, D. C., by U. S. Congressman Melvin Price (D) East St. Louis. The amount authorized includes \$4794 in allowances to participants who are heads of households and \$4277 for cost of the program. Funds are provided under the Manpower Development and Training Act, administered through the Department of Labor and Department of Health, Education and Welfare.

Trainees Already Recruited
According to Malcolm A. Thompson, director of the Granite City state employment office, a sufficient number of trainees already has been recruited, interviewed and accepted for training. "All that remained to implement the program was for enough funds to be made available," Thompson explained.

Those registered to begin training are 18 years or older. Other requirements include an eighth grade education; good physical condition; certain aptitudes determined through the pre-testing program; and unemployed. Both men and women are accepted for training, Thompson said.

On completion of the four-week course, graduates will receive a minimum wage of \$1.25 per hour and may accept employment wherever qualified nurse aides are required, the employment division officer said. At the present time, it was learned, trained nurse aides are in demand at most hospitals, nursing homes and state institutions within the metropolitan two-state area.

Under the direction of M. A. Wittvrongel, assistant for vocational, technical and adult education to Granite City School Supt. Russell D. Johnson, trainees will attend classes eight hours per day, five days each week during the month-long course. Twelve students will be trained in each of three separate sessions.

Instructor to be RN
Wittvrongel announced today the instructor will be Mrs. Mary Hughes of Belleville, a registered nurse and a part-time staff member at St. Elizabeth Hospital, who has taught earlier aide training programs.

She also will instruct the two subsequent courses tentatively scheduled to start on June 13 and Sept. 12. Classes are to be held in the basement meeting room of the Tri Cor Medical Building, adjacent to the hospital.

Among the subjects covered in the course are: orientation to general duties, personal hygiene, responsibilities, ethics, legal aspects, hospital policies, assignments, patient care, cleaning and sterilizing procedures, common medical abbreviations and terms, isolation techniques and emergency measures and programs.

During the training period, students who are classified as heads of households, with a minimum of two years work experience, will be eligible for an estimated \$41

The 14th semi-annual session of the Rebekah Assn. Assembly was held Friday at the Madison recreation center. Approximately 200 were in attendance.

The meeting started at 1 p.m. and was opened by Delray 788 Rebekahs of Madison, with Mrs. Emma Graves, noble grand, in charge.

Escorts of Delray were Mrs. Ruth Winters, Mrs. Ophie Smith, Mrs. Lela Kuwala, Mrs. Daisy Barrett, Mrs. Dorothy Barnett, Mrs. Verna Willman, Mrs. Albert Robertson and Mrs. Ruby Wood. They were dressed in apricot-colored formal and carried sprays of gladioli which they held, forming an arch for the officers to pass under.

Mrs. Edna Foster was marshal and escorted district officers to their stations. Mrs. Eva Clemmons, soloist of Delray, sang to Mrs. Lucille Veach, president of the district.

Alma Faries, State Assembly president, was presented, and current and past officers of all branches of the order were presented. The past and present deputy president of the 26th District also were presented.

The welcome address was by Mrs. Mary Mortenson of Delray, with response by Mrs. Tillie Davidson of East St. Louis, vice-president of the district. Tribute to the flag was given by Mrs. Mabel Rau and her team. The full meeting will be held in East St. Louis.

Supper was served to the ladies in the basement of the First Baptist Church by the Women's Society of Christian Service.

The evening service started at 7 o'clock with memorial services by Carlin 248 Lodge of Alton.

Conferring of the Rebekah degree was by Pride of the West Lodge 544 of Troy, Ill. Eleven candidates were initiated, including Mrs. Alice Mackey, Mrs. Grace Ann Hornmann and Mrs. Evelyn Turner of Delray.

State Assembly officers present were Mrs. Faries, president of East St. Louis, Mrs. Billy

weekly allowance. This amount, Thompson explained, is based on the average unemployment compensation received by individuals within the past quarter. Those who do not qualify for the weekly stipend, he added, will receive their training without cost.

In two previous nurse aides training projects conducted in Granite City, 22 out of 23 trainees were graduated through the initial program in 1963-64, while 47 out of 51 completed the course in the 1964-65 project. Both were presented under the same auspices as the new program.
